SUPPORT YOUR PUBLIC SECTOR COLLEAGUES

The **Australian Dental Association Victorian Branch** is your professional association, for dentists by dentists. We've listened, we've heard you. We understand the issues you face every day and we're doing something about it. Join us so we can present a strong united front to Respect Public Dentistry.

The public dental sector deserves greater respect, recognition and reward. But your colleagues can't do it without you.

Stand together with your public sector colleagues who are already taking part in our ADAVB/Professionals Australia Respect Public Dentistry EBA campaign. They need you. Victorians need you.

Become an ADAVB member today and gain immediate access to exclusive membership benefits and services. We will advocate on your behalf to improve oral health and increase government funding to boost capacity for service delivery and to provide equitable employment conditions.

We need to send a strong message to all employers of public dentists, public dental specialists and specialists in training. Strength in numbers helps us to present a stronger bargaining position. With your participation, we can build a sustainable future for the sector.
