

Stand together. Together we are stronger.

Be supported. Have a voice.

The Australian Dental Association Victorian Branch (ADAVB) is your professional association, for dentists by dentists. We understand the issues you face every day and we've done something about it.

We work closely with Professionals Australia to ensure the best outcomes for our members. Our Respect Public Dentistry campaign was consistent and effective, and we achieved better pay and working conditions for public sector dentists.

Respect, recognition and reward – we couldn't have done it without our members.

Our members stood up with courage throughout our Respect Public Dentistry campaign to achieve an incredible outcome. It's not over and we need all our members to stand together so we can continue to give public oral health the spotlight it deserves. Together we are stronger.

Be reimbursed by your employer!

The new public sector enterprise bargaining agreement includes a \$2000 annual allowance for reimbursement of association fees and CPD costs (pro rata for part-time staff and not available for casual staff).
